

# C900

## Vocal Microphone

### Description

The new C 900 is a professional condenser vocal microphone that will make your voice cut through the loudest mix - on any stage. The C 900 features a frequency independent cardioid polar pattern that has not only been optimized for exceptionally high gain before feedback, but also for use with in-ear monitor systems. The C 900 package includes the microphone with its rugged die-cast metal body, a stand adapter, PB 1000 Presence Boost Adapter and carrying case.
