

Receiver Earphones and Connectors

Listen products are designed for high performance and outstanding audio quality. The headsets on this page have been designed and manufactured to maximize the sound quality of Listen products and are used with any Listen Technologies receiver.

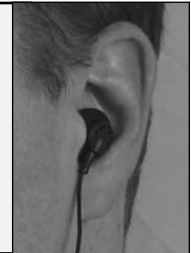

Single Ear Bud

Part Number: LA-161

- Use with any of Listen's receivers
- Economical, low cost hearing option
- Single ear, friction fit
- Replaceable ear cushions available (specify LA-163)
- The receiver's antenna is built in to the headphone cord

Specifications: Single ear bud, black, 32 Ohm, 130 mW maximum, 3.5 mm connector mono, 36 in. (92 cm) cable length, 4 oz.

Accessories: LA-163 Replacement Cushions (package of 20)

Dual Ear Bud

Part Number: LA-162

- Use with any of Listen's receivers
- Dual ear, friction fit
- Replaceable ear cushions available (specify LA-163)
- Economical cost hearing option
- The receiver's antenna is built in to the headphone cord

Specifications: Dual ear bud, black, 32 Ohm, 132 mW maximum, 3.5 mm connector mono, 36 in. (92 cm) cable length, 5 oz.

Accessories: LA-163 Replacement Cushions (package of 20) **MSRP: \$5.25**

Ear Speaker

Part Number: LA-164

- Use with any of Listen's receivers
- Single ear clip that doesn't mess up hair
- Easily cleaned (solid plastic speaker)
- Strong volume out-put
- The receiver's antenna is built in to the headphone cord

Specifications: Ear speaker, black, 32 Ohm, 130 mW maximum, 3.5 mm connector mono, 36 in. (92 mm) cable length, 4 oz.

Stereo Headset

Part Number: LA-165

- Use with any of Listen's receivers
- Dual ear output
- Traditional headset design
- Replaceable ear cushions available (specify LA-167)
- The receiver's antenna is built in to the headphone cord

Specifications: Headset, black, 32 Ohm, 150 mW maximum, 3.5 mm connector stereo, 36 in. (92 mm) cable length, 5 oz.

Accessories: LA-167 Replacement Headset Cushion (package of 10)
LA-168 Ear Cushion Cover (package of 10)

Ear Cushion Covers

Part Number: LA-168

- Use with Listen Stereo Headsets (LA-165)
- FDA Approved sanitary cover for ear cushions
- Package of 10

Specifications: Semi-clear, disposable.

Earphones

Neckloop

Part Number: LA-166

- Use with any of Listen's receivers
- Use with any hearing aid equipped with a "T" coil
- The receiver's antenna is built in to the headphone cord

Specifications: Neckloop, black, 12 Ohms, 2W maximum (75MW nominal), 3.5 mm connector mono, length 37 in. (94 cm), circumference 16 in. (41 cm) from base of loop coil, 6 oz.

Consumer Camcorder Cable

Part Number: LA-265

- Use with any of Listen's receivers
- Used to provide direct audio feed to a consumer camcorder or other recording device

Specifications: 1/8 inch stereo mini plugs. 40 dB in-line resistor pad. Four foot cable, black.

Professional Camcorder Cable

Part Number: LA-266

- Use with any of Listen's receivers
- Used to provide direct audio feed to a consumer camcorder or other recording device

Specifications: 1/8 inch stereo mini plug to 3-Pin Male XLR. Four foot cable, black. *Requires special order and 2 week shipping period.*

High Performance Head-Worn Headset Microphone AND Earphone

Part Number: LA-272

- Use with Listen's LT-700 Portable Transmitter and Listen receivers or other audio input
- Two 3.5MM connectors - one for microphone the other for the earphones
- Picks up voice and transmits to receivers
- Superior aural performance
- Adjustable microphone boom
- The transmitter and receiver antenna is built in to this microphone/headphone cord

Mic Specifications: Head-worn, omni-directional, electronic condenser microphone. Black. Clip and wind screen included. 30Hz-5KHz frequency response, -50dB ±4dB sensitivity. 680 Ohms impedance. 3 VDC phantom power required. 3.5 mm connector mono, 36 in. (92 cm) cable length, 8 oz.

Earphone Specifications: 110db sensitivity. 32 Ohms impedance. 20 mW maximum input. 20Hz-20KHz frequency response.

Accessories: LA-264 Replacement Mic Screens and Ear Cushions

Includes Headphone & Microphone!

High Performance Over-the-Ear Microphone AND Earphone

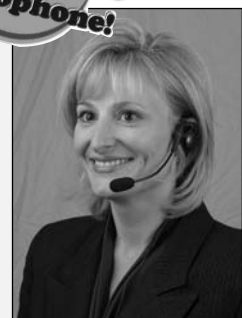

Part Number: LA-273

- Use with Listen's LT-700 Portable Transmitter and Listen Receivers or other audio input
- Two 3.5MM connectors - one for microphone the other for the earphones
- Picks up voice and transmits to receivers
- Uni-directional mic picks up audio from only one direction
